

Lacey Baseball/Softball Complex

Field Use Policy

The Lacey facilities were built with the objective of meeting the MCRF mission: To facilitate and promote recreation in the Mahaska Community. It is the board's intention to provide recreation for youth with the purpose of giving back to youth and recreation. With this philosophy, reasonable proof must be shown that your tournament or event will invest proceeds to youth, youth activities, schools, or not-for-profit organizations.

Weather and Field Conditions

1. Field use in all instances throughout the year will be determined and allowed by the Lacey Complex staff. Wet/soft fields will not be used for practices or games, until the facilities manager determines use will not harm the fields.
2. It is the policy of the Lacey Recreation Complex that no activities will be held while a severe weather warning is in effect. During this warning period no one is allowed on the fields or in the dugouts.
3. If a tornado warning is issued, patrons should leave the complex. Please note the concession stands are not certified tornado shelters.
